Celebrating 50 Years of Discovery!

October 15, 2004

Dear Colleague:

Join us in Celebrating 50 Years of Discovery! This is our 50th year of sponsoring the State Science and Engineering Fair SSEF of Florida as determined by the state legislature. Orlando is prepared to sponsor the State Science and Engineering Fair of Florida and we are excited to be working with this fabulous Host City.

We invite you to share your professional expertise as a Judge for the State Science and Engineering Fair (SEEF) of Florida on Thursday, April 7, 2005 at the Orange County Convention Center, Orlando. In order to facilitate the Judging process efficiently, we need more than 400 Judges who have exemplary credentials in their area of science research. The evaluation and recognition of student research are the most important aspects of the SEEF, and we welcome your willingness to serve. Approximately 900 outstanding student science research projects will be entered in one of two Sections of the SEEF: Senior (9-12 grades) and Junior (6-8 grades). Students will compete for Place Awards, Special Awards, Scholarship Awards, Opportunity Awards, and Grand Awards. Each project will be placed into one of the following 14 Categories** established in each Section:

Behavioral & Social Sciences	(BE)	Earth & Space Sciences	(EA)	Microbiology	(MI)
Biochemistry	(BI)	Engineering	(EN)	Physics	(PH)
Botany	(BO)	Environmental Sciences	(EV)	Zoology	(ZO)
Chemistry	(CH)	Mathematics	(MA)	Teams Projects	(TM) 2-3 members
